2. Inspection shall be made periodically by the City of all buildings, structures or improvements of any nature now receiving water through the City system for the purpose of ascertaining whether cross-connections exist. (Ord. 385, 7-1-80)

7-6-11: **SPRINKLER PERMITS; INSPECTION FEE:** No underground sprinkling device will be installed without a permit issued by the City and without adequate backflow prevention devices at the point from which the water for irrigation is taken from the public water supply. Application for the permit must be accompanied by a thirty dollar (\$30.00) inspection fee. (Ord. 385, 7-1-80; 1994 Code)

7-6-12: **ENFORCEMENT:** For the purposes of carrying out this Chapter, the City Council or its authorized agents shall be authorized to inspect all premises receiving water service from the water supply system of the City, as the City Council determines to be necessary in order to exercise effective cross-connection control. (Ord. 385, 7-1-80)

7-6-13: **INSTALLATION PERMITS:** If cross-connection control devices are found to be necessary, the owner of property served must apply to the City for a specific installation device. (Ord. 385, 7-1-80)

7-6-14: **ADDITIONAL REMEDIES:** In the event an improper cross-connection is not corrected within the time limit set by the City, or in the event the City is refused access to any property for the purpose of determining whether or not cross-connections exist, delivery of water to the property shall cease until the deficiency is corrected to the City's satisfaction. In addition, the City may effect the necessary repairs or modifications at the property owner's expense and refuse delivery of water to the property until the cost thereof shall have been paid. (Ord. 385, 7-1-80)
